**Business speaker:** Patrick Erickson D.O., Cascade Direct Primary Care.

Dr. Erickson is an Osteopathic physician whose office, Cascade Direct Primary Care is located on Lake Rd. His father, Carl Erickson is the other provider in the business, and they offer an alternative solution to typical medical delivery models. There is a monthly fee of approximately \$100, with same day or next day visits. Search Cascade Direct Primary Care Milwaukie for website information on procedures, services and subscription. No insurance is taken.

**Main Presentation:** Gary Marschke, director of the Clackamas Co. Chapter of NAMI, National Alliance on Mental Illness

Mr. Marschke let us know about this local agency which has been around since 1978, and offered information and dispelled myths about mental illnesses, including statistics of the great number of children with behavioral, developmental and mental health issues. We were reminded of the 988 help/support phone number to call at any time during crisis situations, or to simply get information. He addressed the fact that most mass shooters are motivated by attention seeking, and encouraged us to ask questions of those we may suspect are in crisis and to not avoid using the term suicide. Many symptoms of mental illness are recognizable, but need professional help. Stopping the stigma, allows people to seek the help they need.

The local NAMI office offers online and in person education and 6 week classes. One can contact them at [www.namicc.org](http://www.namicc.org). Volunteers are always needed. The physical site of their office is at 10202 SE 32<sup>nd</sup> Ave in Milwaukie, across from Providence Hospital

They are having a fundraiser: Party with a Purpose September 22, 2023 see [www.nameicc.org](http://www.nameicc.org)

**Call 988 for suicide and crisis lifeline.**

Many questions from the audience were answered.

**TriMet Presentation:** Plans for adding 2 more levels to the Max Line Park Avenue Parking Structure.

Tri Met representatives: Paula Salgado, Sarah Espinoza

Presenters Kyle Anderson/GBD Architects and Joe Schneider, Skanska contractor  
Project Goals:

Increase capacity to 739 stalls from 408, working to be net zero, all storm water will be treated on-site, solar panels will be moved to the new roof level, operations to be maintained during construction with an 11-month expected duration beginning in Feb of 2024.

An open house will be offered in June at a yet to be determined date and location.

Many questions were posed by the audience and responded to by the 4 presenters.

**LUART:** Joseph Edge

Joseph: Several applications have been approved in the last month.

### **Committee Reports**
